
Transportation Interim Committee

2009 Required Reviews and Reports

Annual Review of New Transportation Capacity Projects

Under Section 72-1-305, the Transportation Commission is required to report annually to a committee or task force designated by the Legislative Management Committee the projects prioritized under the written prioritization process and the status and progress of all projects prioritized under the written prioritization process.

Annual State Highway System Changes

The Department of Transportation shall submit to the Committee the following:

- **By June 30:** proposed additions to or deletions from the state highway system whether proposed by the department or another highway authority.
- **By November 1:**
 - a list of highways recommended for transfer;
 - a list of potential additions to or deletions from the state highway system that are currently under consideration; and
 - a list of additions to or deletions from the state highway system that were proposed but not agreed to by the affected highway authorities.

Any recommended transfers must include funding recommendations from the Department, any county, or municipality involved in a transferred highway, and from the Office of the Legislative Fiscal Analyst (See Section 72-4-102).

Motor Vehicle Insurance Coverage for Foster Children

House Bill 122, 2008 General Session, requires the Division of Child and Family Services to report to the Transportation Interim Committee no later than November 30, 2009:

- the number of foster children in legal custody of the division who have been issued a legal driver license;
- the results and impacts on the division and on foster parents signing for a foster child to receive a driver license; and
- the division's cost of reimbursing foster parents for providing owner's or operator's security.

Repeat DUI Offenders Data Report

Under Section 41-6a-511, the Commission on Criminal and Juvenile Justice is required to prepare and provide an annual report of DUI-related data being collected and maintained by the courts to allow sentencing and penalty enhancement decisions for repeat DUI offenders. The report must include any measures for which data is available to evaluate recidivism and DUI-related processes.
